

Custom Collar Options

Royal Image Collars

You'll be choosing option from 5 different categories as listed here on this page. Each category letter is labeled on the picture for easy reference.

There are a couple ways to use this flyer. One good idea is to print this page so that you can lay it next to your computer for viewing the 5 categories as you make your selections on the order form. You could also leave it on your computer screen, switching between the order form in our store and this flyer. Another idea is to carefully look over the options presented here and write down your choices. Then you can transfer those choices to the order form. Here are all of the available options for designing a custom order collar:
